

82,Harley Street.W.I.

Langham 2343.

28th July, 1925.

Sister M.Pearl Halleren has been in charge of the Male Ward at St.Mark's Hospital for the last three years. During this time her work has been constantly under my observation, and I have very much pleasure in stating that I regard her as an extremely good surgical sister with very special experience in rectal work. She has excellent control over her patients and is always cheerful, painstaking and thorough in her work.

C. G. and others in.

Surgeon and Joint Lecturer in Surgery
St.Bartholomews Hospital.

Surgeon, St.Mark's Hospital.
